

THIS SCHOOL ROCKS

Lesson 2 Why Choose Natural Gas?

Natural gas is the cleanest-burning hydrocarbon on the planet!

In addition to being clean, natural gas is abundant, affordable and American!

Abundant – we have at least a 100-year supply in the U.S.

Affordable – cheaper than traditional gasoline

American – produced from coast to coast – natural gas from North America supplies more than 99% of our needs

Further study activities:

1. Visit the website www.naturalgas.is to learn more about natural gas. Using the information you read on the website, answer the following questions:
 - More than _____ million homes in the U.S. already use natural gas.
 - Natural gas is a _____ way to generate electricity.
 - Driving a vehicle fueled by natural gas can _____ fuel costs in half.
2. Create an informational poster about natural gas to help educate the other students in your school. Include information found on the www.naturalgas.is website and other reliable sources.

Newspapers for this educational program provided by:

Be sure to catch Lesson 3 of the This School Rocks! program on September 19. This program is provided to educators at no cost through the Newspapers In Education program. Visit nie.newsok.com to learn more.
